

It is the policy of the District that all employees and students have a right to work or study in an environment free of discrimination on the basis of gender, sex or sexual orientation, which encompasses freedom from sexual harassment. The District strongly disapproves of sexual harassment of its employees or students in any form, and states that all employees as well as students at all levels of the District must avoid offensive or inappropriate sexual or sexually harassing behavior at school, on school grounds, school functions, and on school transportation and will be held responsible for ensuring that such workplace is free from sexual harassment.

Sex-based harassment can be comprised of two types of behavior: sexual harassment and/or gender-based harassment. Sexual harassment is unwelcome conduct of a sexual nature, which can include unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature (see regulation 0110-R for examples). Gender-based harassment includes verbal, nonverbal or physical aggression, intimidation or hostility that is based on actual or perceived gender and sexual stereotypes (see regulation 0110-R for examples). Sexual or gender-based harassment of a student can deny or limit the student's ability to participate in or to receive benefits, services, or opportunities from the school's program.

Specifically, the District prohibits the following:

- Unwelcome sexual advances;
- Requests for sexual favors, whether or not accompanied by promises or threats with regard to the student-teacher, student-student or employment relationship;
- Other verbal or physical conduct of a sexual nature made to any employee or student that may threaten or insinuate either explicitly or implicitly that any person's submission to or rejection of sexual advances will in any way influence any decision regarding that person's employment, evaluation, wages, advancement, assigned duties, shifts, academic performance, or any other condition of employment, academic or career development;
- Any verbal or physical conduct of a sexual nature that has the purpose or effect of substantially interfering with a person's ability to perform the individual's duties;
- Any verbal or physical conduct of a sexual nature that has the purpose or effect of creating an intimidating, hostile or offensive working or academic environment.

The Board is committed to providing an educational and working environment that promotes respect, dignity and equality and that is free from all forms of sexual harassment. To this end, the Board condemns and strictly prohibits all forms of sexual harassment on school grounds, school buses and at all school-sponsored activities, programs and events including those that take place at locations outside the district.

Such conduct may result in disciplinary action up to and including dismissal or suspension upon instruction.

Other sexually harassing conduct in the workplace, whether physical or verbal, committed by supervisors or non-supervisory personnel or students is also prohibited. This behavior includes but is not limited to commentary about an individual's body, sexually degrading words to describe an individual, offensive comments, off-color language or jokes, innuendoes, and displaying sexually suggestive objects, books, magazines, photographs, cartoons or pictures.

Because sexual harassment can occur staff to student, staff to staff, student to student, student to staff, male to female, female to male, male to male or female to female, it shall be a violation of this policy for any student, employee or third party (school visitor, vendor, etc.) to sexually harass any student or employee. In order for the Board to effectively enforce this policy and to take prompt corrective measures, it is essential that all targets of sexual harassment and persons with knowledge of sexual harassment report the harassment immediately. The district will promptly investigate all complaints of sexual harassment, either formal or informal, verbal or written. To the extent possible, all complaints will be treated in a confidential manner. Limited disclosure may be necessary to complete a thorough investigation. If the complainant reports that they feel unsafe at school due to the nature of the complaint, the district will determine if accommodations need to be made until the issue is resolved.

If, after appropriate investigation, the district finds that a student, an employee or a third party has violated this policy, prompt corrective action will be taken in accordance with the applicable collective bargaining agreement, district policy and state law.

All complainants and those who participate in the investigation of a complaint of sexual harassment have the right to be free from retaliation of any kind.

The Superintendent of Schools is directed to develop and implement regulations for reporting, investigating and remedying allegations of sexual harassment. These regulations are to be attached to this policy. Age-appropriate instructional materials may be incorporated into the curriculum to educate students so that they can recognize and reduce the incidence of sexual harassment.

This policy shall be posted in a prominent place in each district facility, on the district's website, and shall also be published in appropriate school publications.
