

The Board requires that the interests of the school district in terms of safety, liability, public health and concern for education be fully protected. In this regard any sale on school property shall require the written approval of the superintendent/ designee.

For the purpose of this policy, the following are not defined as public sales:

1. Any admission fee.
2. Sales conducted by students as part of approved school activities.
3. Sales conducted by the school district.
4. Sales conducted by PTO, and approved school booster clubs or groups where the proceeds benefit the district schools.
