

The Board of Education recognizes the value of early intervention to address the needs of preschool children with disabilities. The Board further recognizes its responsibility to ensure that all resident preschool children with disabilities have the opportunity to participate in preschool programs, approved by the Commissioner of Education, from which they may benefit educationally. The Board authorizes the Superintendent of Schools to establish administrative practices and procedures which shall include:

1. locating, identifying, evaluating, referring and placing all preschool children (generally ages three and four) with disabilities. The register of children eligible to attend a preschool program is to be maintained and revised annually by the Committee on Preschool Special Education (CPSE);
2. ensuring that the parent(s)/guardian(s) of preschool age children with disabilities have received and understand the request for consent for evaluation of their child;
3. developing an individualized education program (IEP) for each preschool age child with a disability;
4. appointing appropriately qualified personnel to the CPSE, and ensuring that preschool education providers with whom the district contracts have appropriately trained and qualified personnel;
5. maintaining lists of impartial hearing officers and of State Education Department-approved special education programs within the county and adjacent counties in which the district is located;
6. preparing and keeping on file summary reports of student data including the number of preschool students with disabilities served, as well students referred but not served and the reasons why they are not served; and
7. reporting to the State Education Department the data on preschool children with disabilities as required by the Commissioner.

The duties described above will be carried out within the timeframes established by statute and regulation.

The Board of Education hereby establishes the CPSE as required under the Education Law. Its (CPSE) responsibilities will include the evaluation and recommendation for placement in appropriate approved programs and the provision of appropriate special education programs and services for each preschool child with a disability. The CPSE shall review, at least annually, the status of each preschool child with a disability. It is ultimately the responsibility of the Board to arrange for the appropriate approved preschool program and services for the district's children. Should the Board disagree with the CPSE's recommendations, it shall send the recommendation back to the CPSE so that they may schedule a timely meeting to review the Board's concerns and to revise the IEP, as deemed appropriate.

In the event that a parent/guardian files a due process complaint, a meeting must be convened between the parent/guardian and representatives of the district to try and resolve the complaint within 15 days of receiving the notice, and before the initiation of an impartial hearing. Parents/guardians and the district will jointly determine who should be present at this meeting.

If an agreement cannot be reached, parent/guardians shall be offered mediation to resolve complaints regarding the education of preschool children with disabilities at the same time notice of the availability of an impartial hearing is provided.

The CPSE shall make an annual report to the Board on the status of the preschool special education programs and services.

Date of Board Adoption: November 25, 2008

Johnson City Central School District, Johnson City, New York
