

The Superintendent shall establish an annual budget calendar which shall be subject to Board approval. The budget calendar shall provide for input from the school staff, initial development by the central staff, preliminary review with school district administrators, presentation to and review by the Board, presentation to special concerned groups, presentation to the public and public voting.

The budget calendar shall provide adequate time for review and modification by the Superintendent and by the Board so that presentation to and voting upon by the public can meet the time requirements established by law.
