

The transportation department shall be under the direct supervision of the supervisor of transportation, who shall report to the Superintendent/designee.

The Superintendent shall recommend for Board approval, the creation, abolition or altering, as desired, of any transportation positions subordinate to that of the supervisor of transportation. The school district organizational chart and appropriate job descriptions shall prescribe the lines of authority and positions within this department.

Management of transportation services shall include the establishment of bus routes, the supervision of students on buses, the responsibility for bus related student disciplinary procedures, personnel management, etc.
