

DISTRICT NOTIFICATION PROCEDURES
REGARDING PAROLED SEX OFFENDERS

5450.1

Area law enforcement agencies notify the School District that a "sex offender" is to be released to a residence within the school district. The purpose of the notification to the school is to enable school staff to help area law enforcement agencies know if the parolee is not complying with the directive to stay away from children, schools, or other areas where children congregate.

The Board of Education hereby directs the Superintendent of Schools to establish regulations for the distribution of this information to staff and others in a responsible manner and to establish a uniform response by school district personnel to such notice from the law enforcement agencies.
